

Explanation of application forms

Please find below the list of documents that are a part of the application package, including some tips and advises:

Intake form

- Only use capital letters for the first letter and first word of a new sentence. That means that you won't WRITE FULL SENTENCES IN CAPITAL LETTERS, like this. In Holland it's very inappropriate to use capital letters for full words.
- 'prefix' means a connecting word between your first and last name like: Lindsay **dos** Santos. It's not your title 'Miss' for example.
- Start date and return date: please be flexible and make sure that from the moment you fill out the document you are available for at least 1,5 year. So for example today it's February 1st of 2015 and your first starting date is: May 2015, your return date at least has to be July 2016. This will mean that your starting date will be between May 2015 and July 2015 (as you will stay in Holland for 12 months).
- Age preferences of the host children; be flexible, but honest
- Number of children: be flexible, but honest
- If the Au Pair has a high school diploma – but did not finish college yet: let her write 'yes' at the question if she received her diploma and upload her latest grading list
- Cycling is very important in the Netherlands. If the Au Pair cannot cycle yet, advise her to learn it before traveling to the Netherlands. Au Pairs who cannot cycle – and this is filled out on the application form – are very hard to place.
- Smokers are very hard to place
- Non-swimmers are hard to place
- Au Pairs with allergies are hard to place

Above all it is really important to be honest! We have noticed that it is awkward and hard for an au pair when the truth gets out and they are confronted with being dishonest about their skills.

Optional but VERY recommended

A short video clip of the au pair, telling a bit more about yourself. It doesn't have to take long, just enough to get a good first impression. If you have made a little video clip, you can put it on YouTube and add the link to your intake form. Families like the fact to hear somebody speak and see somebody move; it gives them a better impression about who you are.

Dear Host family letter

At least one page, with a maximum of 1,5 page. A positive letter with regards to your personality, what you are looking for in a host family, you could write about your hobby's for example and about your childcare experience. You could also tell about the reason of choosing Holland and about your family

Copy of all pages of your passport

All page numbers should be clearly readable! All pages have to be combined in one document, it's not possible to upload 30 separate documents. The passport needs to be valid until at least 6 months after you will leave the Netherlands.

Photo of yourself (called the passport photo)

A nice smiling and very clear photo, preferably don't use the official passport photo but just a nice photo of the au pair a photo with a child is also good, as long as you can clearly see who the au pair is

Photo Album

At least 5 nice pictures (preferably more) of yourself together with your family – friends – children you took care of – and/or where you show your hobby's. Smiling pictures are the best. No pictures while partying or drinking alcohol; this is not done. Preferably use PDF or Word, so you could show a lot of pictures. Do not make a collage in JPEG, most of the time the pictures are very unclear and the au pair cannot give any explanation at the photo

Copy of police report

Needs to be a recent document (not older than 3 months upon application)

Copy of driver's license

Needs to be a clear copy

Copy of your High School diploma or other school diploma's

If you would like to upload more than one diploma or certificate, please combine all copies together in one document (like you did when uploading the pages of the passport)

If you have other certificates like First Aid or a language course, please upload it. The more certificates, the better. But note that also these documents should be combined in one document.

The documents only can be uploaded through the partners account.

Declaration

I confirm that I have read and understood the Au Pair brochure. I declare that I am familiar with the procedure and agree with the conditions of my agency. I have filled out this form to the best of my knowledge true and correct. I confirm that I will prepare myself before coming to Holland by reading about Holland on internet and books. I will immediately inform my agency of any changes that could affect my placement as Au Pair. I also declare that I have never been arrested or in trouble with the law. I am in good physical- and mental health. I know that I will not be able to save up my whole amount of pocket money every month. Yes No

Au Pair Agreement

1. I _____ confirm that I have read all written materials provided by the au pair agency in my home country and my host country and that I fulfil all criteria. I understand that the au pair program is a cultural exchange program and not a contract of work. I am aware that being an au pair requires a high degree of both responsibility and flexibility and that I must take my duties seriously.
2. I confirm that I have answered all questions honestly and that all information in the application is true.
3. After confirmation of placement, I shall stay in touch with my host family and shall inform them of my travel arrangements. I agree not to travel to my host family until I have received an official confirmation of placement from the au pair agency.
4. I shall familiarize myself with all (if any) visa requirements. I shall obtain necessary documents (e.g. valid passport) prior to departure and shall not enter my host country without a proper visa (if required).
5. I agree to cover all costs for travel to and from my host country (unless otherwise stated in the program guidelines) and any debts incurred (e.g. telephone bills, etc.). I shall bring emergency funds with me (as recommended by the au pair agency) to pay for unforeseen expenses.
6. I am familiar with and agree to abide by all program guidelines and conditions, in particular those regarding: the number and distribution of working hours, au pair duties, pocket money, free time, holidays, language courses, transportation, costs, insurance and the termination of an au pair arrangement.
7. Upon arrival in my host country, I shall discuss in detail with my host family the daily or weekly routine, as well as my and their expectations of the au pair program.
8. I shall carry out my childcare and light housekeeping duties with diligence. In addition to my au pair duties, I agree to keep my room clean and neat and to make a fair contribution to the cleanliness of the "common areas" of my host family's home.
9. I agree to abide by all house rules set by the host family (e.g. use of the telephone and facilities within the home, daytime and overnight visitors, curfew, smoking, etc.). During my stay I shall behave in a manner which does not reflect badly upon my host family, either au pair agencies or my home country.
10. I shall seek the advice of the host family before administering any kind of discipline on the children. Under no circumstances shall I hit the children or leave them alone.
11. I shall discuss with my host family any arrangements for holidays well in advance.
12. I shall make a concerted effort to experience the culture of my host country and to learn the language. I shall respect cultural differences and display tolerance towards others.
13. I realize that the success of my au pair stay depends largely on my own initiative. I shall try to integrate myself into family life and, should any problems arise, communicate openly with the family and actively seek a solution.
14. If I have any problems or questions, which cannot be discussed and resolved with the host family, I shall contact the au pair agency in my host country for assistance.
15. I shall make every effort to resolve any differences with my host family. If no solution can be reached and I decide to leave the family, I agree to give advanced notice (in accordance with program guidelines). During this time period, I shall perform my normal duties and receive room, board and pocket money. If I request to be placed with a new family, I realize this might involve moving to a different area/city.
16. I understand that I shall be expelled from the program and must return home if:
 - I fail to abide by this agreement or program guideline.
 - I falsify any information in my application (e.g. regarding smoking, childcare experience, health, etc.).
 - I begin my au pair stay before receiving an official confirmation of placement from the au pair agency or a proper visa.
 - I am responsible for repeated problems with several families.
 - I disobey the laws of my host country.
17. I agree to leave my host country before my visa or residency permit expires (if applicable).
18. I shall not undertake any other paid employment and will perform only those tasks related to the au pair program.
19. Should I decide to cancel my application, I shall inform the au pair agency at once.
20. I shall notify the au pair agency immediately if there are any changes to the information included in my application.

Additional information:

Most important information about Holland

1: Holland has seasons;

Autumn (21st of September till 20th of December)

Winter (21st of December till 20th of March)

Spring (21st of March till 20th of June)

Summer (21st of June- 20th of September)

You need to make sure you bring summer and winter clothes. Winters can be really cold (0 degrees or less!) and summers can be warm (around 25 degrees).

2: People in Holland are very punctual. They believe being on time is really important, so make sure that you are aware of this before coming to Holland.

3: Dutch people are very direct and they will immediately tell you when they are not happy. Don't be scared, just listen to them and respond to them clearly. Dutch host families see the Au Pair as a part of the family and will treat you like you are their own family. That means that you can have a little fight with them sometimes, but after you have spoken to them about it, they will forget pretty soon!

4: Holland is EXPENSIVE! You will get 300 euro pocket money per month, so make sure you don't spent it all at once. Normal prices for jeans are around 50-100 euro, a drink in a bar will costs on average 2 euro. Be aware of the fact that it will be hard to save up money! Also, make sure you understand that sending your family money while you are in Holland should not be part of this program.

5: the rules in Holland about au pairing are really clear. You are allowed to work 30 hours a week, you should have at least 2 days off. In some cases you have to work in weekend. In that case, you need to have 2 days of on weekdays. At least one week per month, you should have one complete weekend off.

6: The roads in Holland are very busy and the bicycle is one of the most important transportation ways in Holland. Make sure you are prepared that if you start cycling in Holland, you should be secure enough on a bike. Sitting on a bike with your feet on the ground does certainly NOT mean that you can cycle.

7: Be aware of the fact that DUTCH is our language, and don't think that is the same as DEUTCH (German) or Afrikaans. Dutch is a difficult language and most people in Holland can also speak English. But off course, most children do NOT speak English until the age of ten and this can make it really hard to communicate with children. Important to know is how to use body language and on which tone you speak to the children. For example, if you say: please do not do that with a very sweet voice, it will have not really effect on the children, but if you say: Stop it, don't do this with a firm voice, they will hear by the tone of your voice how serious you are!

8: Holland can also be called the Netherlands, we mean the same. Holland has 12 provinces and to cross the country, you will need maximum 3-4 hours by car.

9: As an au pair, you are expected to also do some light house hold duties. These duties are specified by BONAPA (the Dutch Branch organization):

Light household chores:

- * Washing dishes
- * Loading and unloading the dishwasher
- * Preparing simple meals
- * Keeping the kitchen in order and general tidying up
- * Shopping for light groceries
- * Loading laundry into the washing machine
- * Packing away laundry/clothes
- * Ironing
- * Tidying and cleaning of children's room(s)
- * Tidying and cleaning of own room(s)
- * Tidying and cleaning in general
- * Vacuuming
- * Dusting
- * Keeping floors clean
- * Taking out garbage but only on the ground floor
- * Walking and feeding pets
- * Watering plants and taking care of plants/flowers
- * Making and changing beds

Tasks which may not be part of expected light household chores:

- * all and any tasks for which the au pair is solely responsible within the host family
- * all tasks with regard to gardening and the garden
- * washing of windows (inside and outside)
- * scrubbing
- * mopping/scrubbing any area large than 30 m²
- * washing/cleaning a car or automobile
- * cleaning of bathroom facilities unless such facilities are to be used solely by the au pair

10: Even though Holland is a very tolerant country, the abuse of drugs on our Au Pair program can immediately lead to going back home without any discussion.

I confirm that I have read the most important information about Holland and that I have understand everything which is written in this form. I will make sure that I will prepare myself by reading about Holland and doing research on the internet. I declare that I will keep myself to all rules and guidelines.
